

Memorial Hospital & Health System: Interfaith Chapel

**FIRST
RESPONSE**
© Disaster Restoration Specialists

After smoke from a fire near the building was pulled into the Memorial Hospital Chapel and several attached rooms Hospital Administrators relied on First Response to clean and deodorized the facility of smoke and soot damage

In accordance with the response plan designed in conjunction with the Memorial Hospital Facilities Management Director, First Response Personnel provided specialty cleaning and odor control services and had the facility in operation in a matter of days.
